Circle the Candles by Counting the Candles on cake

Count the candles on cake, then circle the same number of candles beside the cake.

A cake with 5 lit candles. To its right are 10 individual candles in two rows of five. The first row contains: a red and white striped candle, an orange and yellow scalloped candle, a purple and pink polka-dot candle, a brown striped candle, and an orange and yellow scalloped candle. The second row contains: a yellow and orange scalloped candle, a green and white wavy candle, a red and white striped candle, a blue and white striped candle, and a purple and pink polka-dot candle. The first three candles in the first row and the first two in the second row are circled in green.

A cake with 6 lit candles. To its right are 10 individual candles in two rows of five.
