## Practicing Real-Life 2D Objects Above and Below

There are some 2D shapes real-life objects. Can you observe the position of the objects in each picture and answer the following questions?

Check the object that is above the object shaped like a rhombus.

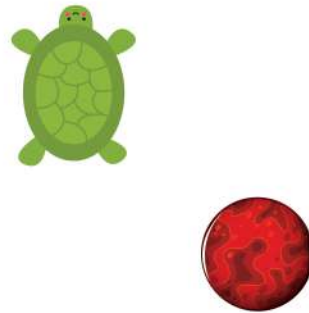

Check the object that is below the object shaped like a star.

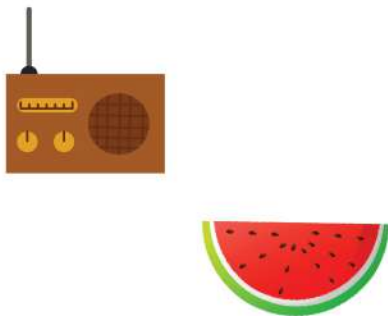

Check the object that is below the object shaped like a triangle.

Check the object that is above the object shaped like an oval.

Check the object that is above the object shaped like a rectangle.

Check the object that is below the object shaped like a kite.
