# Breaking Apart Ones and Tens
Using Model Regrouping

$17 + 24 \ = ?$

Show 17 and 23 with ☐☐☐☐☐☐☐☐☐☐ .

The ones are 7 and 4.

Add the ones : 7 + 4 = 11

Tens **Ones**

Trade 10 ones for 1 ten.

This is called regrouping.

Tens **Ones**

Count the tens : _4_ tens

Count the ones : _1_ ones

_4_ tens _1_ ones is the same as _41_.

So, 17 + 24 = 41.

Tens **Ones**
