Completing Path by Counting by 10s Worksheet

Fill in the missing numbers by counting 10s and help the mouse to find the house.

A winding path made of 15 segments. The numbers in the segments are: 55, 25, 5, 95, 185, and 145. There are 9 empty segments. A mouse is at the end of the path, and a house is at the start.
