Building and Writing Addition Fact Families Worksheets

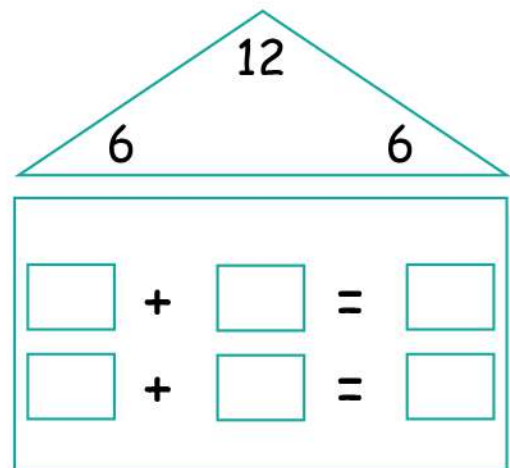

A house-shaped diagram with the number 16 in the roof. The left side of the roof is 12 and the right side is 4. Below the roof is a rectangular box containing two rows of addition equations. The first row is $12 + 4 = 16$ and the second row is $4 + 12 = 16$. The numbers 12, 4, and 16 are written in blue.

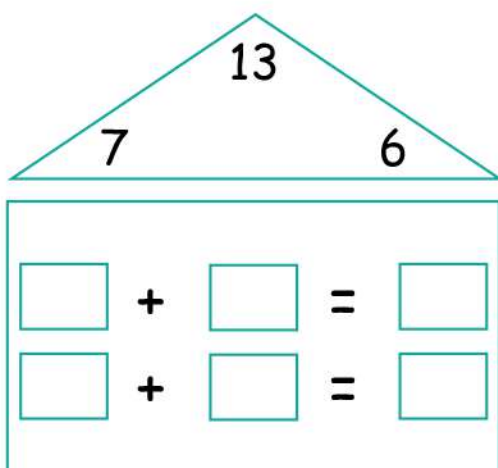

A house-shaped diagram with the number 15 in the roof. The left side of the roof is 5 and the right side is 20. Below the roof is a rectangular box containing two rows of empty addition equations: $\square + \square = \square$ and $\square + \square = \square$.

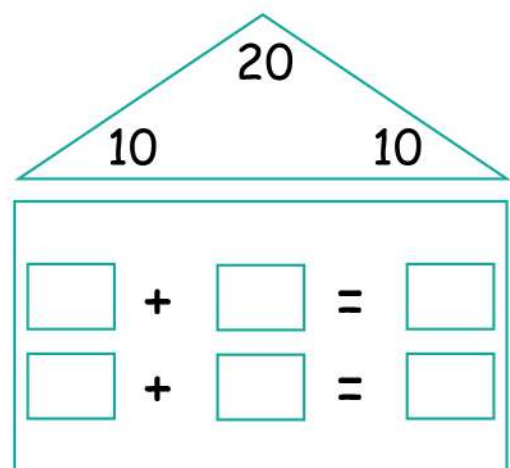

A house-shaped diagram with the number 11 in the roof. The left side of the roof is 9 and the right side is 2. Below the roof is a rectangular box containing two rows of empty addition equations: $\square + \square = \square$ and $\square + \square = \square$.

A house-shaped diagram with the number 12 in the roof. The left side of the roof is 6 and the right side is 6. Below the roof is a rectangular box containing two rows of empty addition equations: $\square + \square = \square$ and $\square + \square = \square$.

A house-shaped diagram with the number 13 in the roof. The left side of the roof is 7 and the right side is 6. Below the roof is a rectangular box containing two rows of empty addition equations: $\square + \square = \square$ and $\square + \square = \square$.

A house-shaped diagram with the number 20 in the roof. The left side of the roof is 10 and the right side is 10. Below the roof is a rectangular box containing two rows of empty addition equations: $\square + \square = \square$ and $\square + \square = \square$.
