Guess the Numbers with A Hundred Chart

Solve the riddles with following number chart.

Riddle 1:

I am a prime number,
Less than fifty, it's true.
I'm the smallest of my kind,
Can you find me on the chart?

Answer: 47

Riddle 2:

From 75, subtract 20,
You'll get me, and plenty of fun.
Which number is the one?
Find it quick, and you're done.

Answer:

Riddle 3:

I'm the product of 8 and 7,
On the chart, I'm a heaven.
My digits sum up to 15,
What's my number?

Answer:

Riddle 4:

Divisible by 4 and 10,
Yet not a multiple of 6.
On the hundreds chart, I blend,
Guess me quick, take your pick!

Answer:

Riddle 5:

An odd number, that's me,
But also a multiple of 5.
On the chart, I'm easy to see,
Which number am I?

Answer:

Riddle 6:

I'm a multiple of 9,
But not of 3, don't you see?
On the hundreds chart, I shine,
Which number could I be?

Answer:
