Guess the Numbers with A Hundred Chart

Solve the riddles with following number chart.

Riddle 1:

Begin at 40, add 15 more,
My spot on the chart,
What's the total you find?
Guess me quick, take your pick!

Answer:

Riddle 2:

Starting at 90, subtract 50,
On the chart, I'm rather nifty.
What's the number?
It's quite simple, so astounding!

Answer:

Riddle 3:

I'm the product of 8 and 9,
On the chart, I'm a heaven.
My digits sum up to 17,
What's my number?

Answer:

Riddle 4:

Divisible by 2 and 8,
Yet not a multiple of 5.
On the hundreds chart, I blend,
Guess me quick, take your pick!

Answer:

Riddle 5:

An even number, that's me,
But also a multiple of 10.
On the chart, I'm easy to see,
Which number am I?

Answer:

Riddle 6:

From 85, subtract 30,
On the chart, I'm sturdy.
What's the number?
It's simple, be kind.

Answer:
