Cut and Paste Activity for Solving A Hundred Chart Riddles

Solve the riddles with following number chart.

Riddle: 1

Subtract 5 from me. Then add 2. If you subtract 10 and then add 3, you get 15. What number am I?

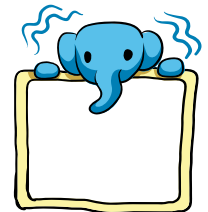

Riddle: 2

Add 7 to me, then subtract 10. If you subtract 5 and then add 9, you'll get 14. What number am I?

Riddle: 3

I'm a multiple of 8, but not a multiple of 4. Between 40 and 60, I mate, what number could I soar?

Riddle: 4

Between 10 and 30. An odd number, I am. Divisible by 3, that's true, What's my number? Can you cram??
