Addition Word Problems to Solve the Rectangle Shaped boxes

Put the total number in the rectangle-shaped boxes after adding two random numbers.

1. There are 6 cookies on a plate. If 4 more cookies are added to the plate, how many cookies are there in total?

2. Jimmy has 3 soccer balls, and he finds 7 more soccer balls in the park. How many soccer balls does Jimmy have now?

3. There are 9 apples in a basket, and 1 more apple falls from the tree. How many apples are there in total?

4. Charlie has 5 crayons, and she receives 5 more crayons as a gift. How many crayons does Charlie have now?
