

Using Ten Frames for Subtraction

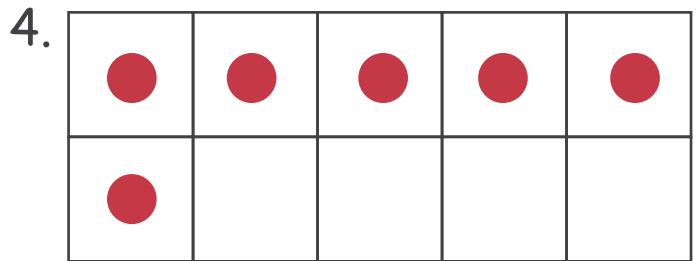

$$\underline{8} - \underline{3} = \underline{5}$$

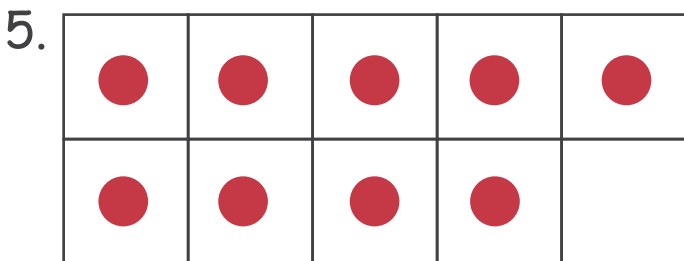

$$\underline{10} - \underline{4} = \underline{\quad}$$

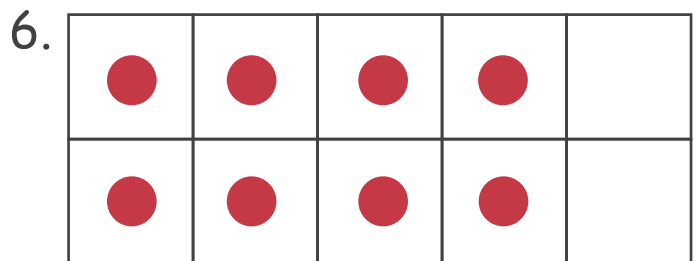

$$\underline{7} - \underline{4} = \underline{\quad}$$

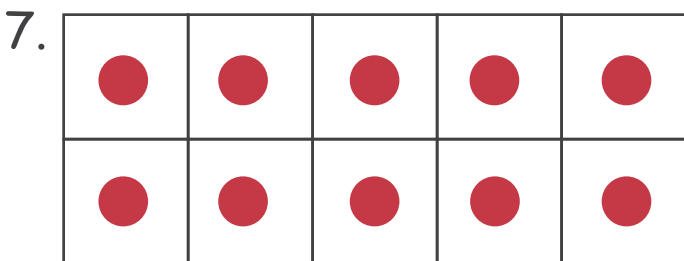

$$\underline{6} - \underline{2} = \underline{\quad}$$

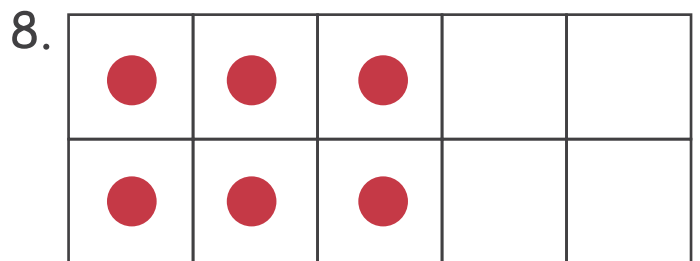

$$\underline{9} - \underline{1} = \underline{\quad}$$

$$\underline{8} - \underline{5} = \underline{\quad}$$

$$\underline{10} - \underline{5} = \underline{\quad}$$

$$\underline{6} - \underline{3} = \underline{\quad}$$
